Subject: MY REQUEST

Mr.Howard:

First, I want to thank you for serving in this position. I know you are well paid, but I also realize you work hard and have to stay informed in order to do your job effectively.

I have never written to a commissioner before, but I feel transparency is necessary in dealing with the mgt. at SCANA. These men are full of greed and deception. They need to be handed a little of their own medicine. The commissioners have the power to help the rate payers of SCANA to be made whole again. And I mean not having to pay for the next 20 years for the greed and deceit of the past and current mgt. at SCANA.

Dominion Energy is not the company to replace SCANA. They want to buy the assets on the cheap. Let the market find the right buyer for SCANA. Other Companies are interested in SCANA's assets. Give these companies a chance to bid on the assets. This action is the only the way to get the best deal for us the ratepayers.

I noticed you were a veteran. I am also a vet and appreciate the sacrifice all of us have made. We did not have the chance to make big bucks off the backs of others. Please make sure we the ratepayers are not responsible for paying for the next 20 years.

As you have read, we in South Carolina pay among the highest electrical rates compared to other electrical and gas customers in the South east. This has to stop. We should not taken advantage of and you guys are our only protectors.

IN Conclusion, I implore you to think through the issues carefully and defend the ratepayers of this state from having to incur outrageous charges for the next 20 years.
 Be thorough in your deliberations and ask the tough questions of SCANA Mgt.

Thanks for reading my letter.
